I started in obedience working up thru utility with my Schnauzer and Sheltie and went to watch some duck work and decide to try it. It was fun and soon got my first Border Collie named Spottie. She was trained only on ducks. I kept up with obedience and the herding for awhile but just not enough time in day for both so I stayed with herding.

With Spottie, I worked thru Pro-Novice and since she was a white dog had to work extra hard to make those sheep believe her. Then came Mist and Zip who I took both to Open. Mist lost her hearing at 6 so was retired and Zip went on to the Finals/ Then along came Win who I took to Regional.

I have been trialing in the USBCH since 1991. I own five dogs now: Meg, Glee ,Kasey , Britt and Abby and two puppies Due and Dare
